## SUMMARY

---

## SKILLS

---

- Web development

Microsoft Technologies:

Proficient in Microsoft Office Suite (Word, Excel, PowerPoint).

Developed applications using Microsoft Visual Studio.

Familiarity with Microsoft Azure cloud services.

- **Programming Languages:**

Proficient in Python, Java, C and C++ with hands-on projects demonstrating application of these languages.

- **Web Development:**

Developed dynamic websites using HTML, CSS, and JavaScript; experienced with React.js for front-end development.

- **Database Management:**

Utilized MySQL for database design and management in various coursework projects.

- **Algorithm and Data Structures:**

Applied fundamental algorithms and data structures in problem-solving exercises and coding assignments.

- **Software Development:**

Contributed to a team project following agile methodologies, demonstrating software development life cycle understanding.

- **Version Control:**

Proficient in Git for version control, managing collaborative coding projects effectively.

Operating Systems: Familiar with Linux and Windows environments, with coursework involving practical application in both.

- **Networking:**

Studied networking concepts, protocols, and implemented simple network applications.

- **Cybersecurity Awareness:**

Completed coursework on cybersecurity principles, understanding best practices and threats.

•**Problem Solving:**

Demonstrated analytical and problem-solving skills through challenging coding assignments and projects.

•**Collaboration:**

Successfully collaborated in group projects, showcasing teamwork and effective communication.

•**Adaptability:**

Quick learner, adapting to new technologies and methodologies.

## EXPERIENCE

---

### Attaché | Uwezo Funds

June 2024 – August 2024 | Lornho House

- Reviewed the performance issues raised by over 500 users with concurrent requests and application screens. Fine-tuned and fixed the underlying objects/programs for better performance.
- Resolved user issues in creating and maintaining PA & GL periods and month-end closure period exceptions.
- Worked closely with some of the top customers to review their implementation setups, data corruptions and provided solutions specific to customer requirements.
- Worked on quarterly projects that involved major application enhancements and upgrades.

## EDUCATION

---

2023 – 2024	Certifate of Computer Software Engineering ALX
2022 - now	Bachelor of Science in Computer Science Multimedia University of Kenya
2021	Computer Packages Brighter college
2018– 2021	Kenya Certificate of Secondary Education Highlands High School Kajiado
